## WHO WE ARE?

Established in 2023 in **Al Kharj Industrial City**, Saudi Arabia, **AMAD** is a premier manufacturer specializing in high-quality medical devices, including **Cotton, Gauze, Antiseptic, Bandages, Consumables and dressings**. and advanced wound care dressings. Operating from a **4,386 m<sup>2</sup>** facility equipped with the latest technology, the company adheres to ISO 13485 standards to deliver superior healthcare solutions across the MENA region.

AMAD combines global expertise with deep local market insights to meet the growing demand for specialized medical supplies. The business model integrates innovative design with premium packaging, supported by strategic tech transfers and industry-leading experts. Committed to the Kingdom's Vision 2030, AMAD prioritizes national talent, maintaining a Saudization rate of at least 50% while rapidly expanding its footprint through strategic regional alliances.

## **Founder's Message**

Driven by a spirit of ambition and determination, AMAD Group continues to contribute to the development of the healthcare sector in the Kingdom of Saudi Arabia by delivering high-quality medical manufacturing services.

In alignment with the objectives of Saudi Vision 2030, we believe in the importance of localizing the medical industry, given its vital role in enhancing health security, reducing reliance on imports, creating quality employment opportunities, and fostering knowledge transfer while developing national talent.

We invest in advanced technologies and empower our national workforce to achieve excellence, as we strive to deliver added value and contribute to building a sustainable healthcare sector that serves the nation and society.

**Princess  
Amal Aldoweesh**  
Founder of AMAD Group

## **CEO's Message**

At AMAD, we are dedicated to supporting Saudi Vision 2030 by localizing the medical supplies industry, a mission we view as both a national responsibility and a strategic step toward healthcare self-sufficiency.

Our goal is to establish a world-class manufacturing entity that leverages advanced technology and adheres to the strictest international quality standards to serve both local and regional markets.

We believe our greatest strength lies in our people; therefore, we prioritize attracting and empowering national talent within a culture of innovation. By combining high-caliber human capital with rigorous manufacturing excellence, we ensure that every product we deliver is safe, reliable, and trusted by our partners.

**Mohammad  
Mustafa**  
CEO of AMAD Group

## Our Vision

We aspire to be a global leader in the medical device industry, revolutionizing patient care through advanced technology and specialized expertise. By delivering innovative solutions, AMAD is committed to enhancing patient outcomes and supporting Saudi Arabia's goal of becoming the primary medical device hub for the MENA region.

## Our Mission

We are dedicated to advancing healthcare in Saudi Arabia and the broader region by providing hospitals and facilities with high-quality, safe, and effective medical devices. By combining innovation with a commitment to excellence, we empower healthcare professionals to deliver superior, compassionate patient care and serve as a trusted partner in driving regional medical advancement.

## Our Presence

Across the MENA market, our presence is continuously growing with the help of our regional and global alliances, which maximize opportunities and support the growing demand for medical devices.

# Organization Team Management

AMAD is supported by a strong management team with solid industry experience in the management of a medical device factory and an extensive network within the medical device industry.

The members of the management team provide a depth of industry knowledge, know-how, and operating experience that is fundamental to the success of AMAD.

In addition to the day-to-day operations of AMAD, the management team is responsible for developing and implementing the Company's business plan and strategy.

## Branding

---

The first name chosen by the company to represent its products is Lifafi, the company's first brand for AMAD Gulf Industrial Company. It is currently being registered as a brand and with the SFDA. It is an Arabic word inspired by the medical wrap, in line with the Kingdom's Vision 2030, which includes preserving Arab identity in choosing trade names. We have chosen this name to be the company's first brand. Over the next five years, the company aims to launch five brands to enter the markets of the Kingdom, the Middle East, and Africa. Recently, Saudi-made products have gained a good reputation in these markets. The Kingdom supports any Saudi product that carries the slogan Made in Saudi Arabia.
